CONSUMER NOTES

Spring is in the air, so it's time to shake off those winter doldrums and warm up with some excellent anime! First off, Comic Party DVD 2 is here, join up with meek artist Kazuki and super-otaku Taishi as they strive to conquer the world through fan comics! Then don't miss Slayers Premium, a 30-minute movie that brings back Gourry, Xellos, and all your favorite characters from the Slayers TV series! And manga fans, you won't be left out in the cold – there's a one-two punch of great video game-based manga arriving this month: the beautiful Suikoden III, and the always-exciting Megaman NT Warrior! Also, a special note in regards to the DVDs marked "Ani-Mini" – these are not full releases but rather single episodes for each series with the intent that they are to be used for someone to preview a title.

ANIMANIAC'S PICKS OF THE MONTH

Picks this month! The biggest is definitely the Mahoromatic Special DVD with Artbox and Figurine. Mahoromatic is finally being garnered with the artbox we have all been demanding, and they've thrown in a gorgeous little Mahoro figure to boot! Perhaps you're looking for something a bit more thought provoking though… if that's the case, look no further because Kino's Journey will grab you with a storyline that delves into the deeper sides of the human psyche as Kino and Hermes travel through countries to discover that not all problems are as simple as they first appear. Lastly, for a little adults-only late-night loveliness, you can't go wrong with the latest Vanilla title - Spotlight! Filled with sex, betrayal, and lies – it's just as sweet as the rest of this popular hentai series!
